

## PROFESSIONAL LEARNING

---

River East Transcona School Division is committed to supporting the ongoing learning of staff. There is an expectation that staff maintains skills and knowledge that are up to date, evidence informed, and contributes to the work that they do.

Professional learning is ongoing, and staff can seek out their own learning opportunities through study, readings, meetings, and conferences.

Professional learning can be at a personal level, a school level, a division level, and in addition staff may take advantage of external learning opportunities within and outside Manitoba.

The division will provide professional learning at a school and division level that supports current divisional and provincial priorities.
