

FREEDOM FROM BULLYING

The River East Transcona School Division believes that fostering resilient learning behaviours occurs in a safe, caring, and respectful environment. The division supports healthy personal and social development for all. Schools demonstrate, through the implementation of the Positive Behavioural Interventions and Supports framework, which utilizes proactive strategies, the belief that all members of the school community have the right to an environment free from bullying in all its forms. Students are taught and expected to demonstrate citizenship and social skills that contribute to making the classroom, school and larger community a positive, safe and caring environment.

Bullying behaviour directed towards students and staff will be taken seriously. The divisional Code of Conduct outlines the roles and responsibilities of staff, students, and parents that guide appropriate responses to bullying.
