

**RESPONDING TO WEAPONS
ON SCHOOL SITES**

The principal or designate will activate appropriate emergency protocols and procedures in the event a weapon is discovered on school property or is suspected to be on school property.

Action will be taken against offenders of this policy as appropriate. Action may include suspension or expulsion from school and/or referral to the police.

If a school administrator refers a student to police as a result of weapons, the administrator shall inform the superintendents' department that the police have been notified and may inform the parent/guardian following consultation with the police.
