

ADULT CROSSING GUARDS

The Board of Trustees believes that the safety of students traveling to and from school is the responsibility of parents, citizens, school personnel, the division, the police, and the students themselves.

The division supports the need to provide adults as crossing guards to work in conjunction with the schools and their student patrols at those intersections and street crossings deemed to require an adult presence.

In order to determine where adult crossing guards are required, a standard formula and process will be used.
